

all access internships

Advertise With Us *Targeted and Flexible Advertising*

All Access Internships is currently offering online advertising packages for your company!

Why All Access Internships?

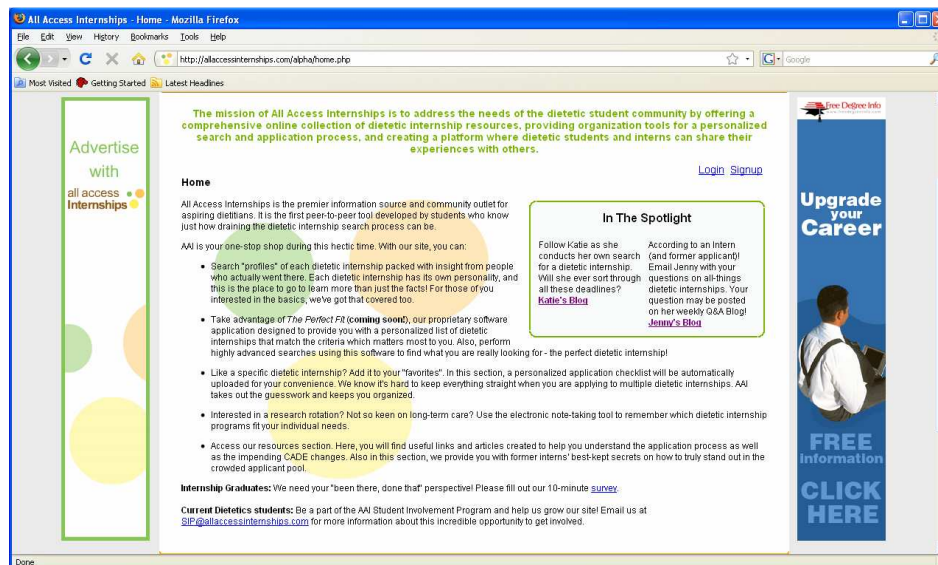

We will help you reach a **targeted** audience of dietetics students, interns, recent intern graduates, and dietetic internship directors. With personalized features that allow users to store information on our site, we guarantee an audience of loyal return visitors.

User Traffic

Advertising on our site will build brand loyalty and promote your product/service to over 1200 (and growing) active members on a site with approximately 4500 page hits daily. Visitors typically spend at least 30 minutes on our site during each visit.

We Want to Work with YOU

Billing will be based on CPM at a rate of \$30 per one thousand impressions and will be sized at 150 x 600 pixel dimensions. We offer **flexibility** to fit your needs. You will have the option to set your billing cycle at a specific time interval and to place a maximum dollar amount per billing cycle. We will also consider customized proposals. Why spend your advertising dollars with a company that doesn't let you have any input?
